American Wire Group Team Expands

September 7, 2022, Miami, Florida – American Wire Group (AWG) is pleased to announce two new additions to the team. Benjamin Sender has joined as Regional VP Renewables and Michael Joseph has joined as Engineering Director.

Sender is based in Colorado. He will report to Norm Russell, Executive VP, and be responsible for developing new business and expanding AWG’s customer base in the rapidly growing renewables market.

Joseph is based in Connecticut. He will also report to Norm Russell and provide engineering support, quality control and quality assurance system management.

“Our company continues to grow. Ben and Michael bring over 15 years of industry experience to AWG. With their know-how, we are confident they will support our customers and support AWG’s path moving forward,” said Norm Russell, Executive VP.

Established in 2001, American Wire Group (AWG) has become the leading material supplier of wire, cables and accessories solutions for the power transmission, distribution, substation, solar, wind, battery energy storage and EV infrastructure markets.
