

Who We Are

American Wire Group (AWG) is the leading material supplier and manufacturer of wire & cable, hardware, equipment, and accessory solutions. We have earned our reputation by offering exceptional customer service, delivering products of the highest quality, and ensuring timely deliveries.

We have earned our reputation by offering exceptional service, delivering products of the highest quality, and ensuring timely deliveries. We've expanded our footprint to meet the surging demand in the utility and renewable energy markets, and we've been able to do so with four regional distribution centers in Pennsylvania, California, Texas and Florida. We maintain an extensive inventory of products utilized in the power T&D, substation, solar, wind, battery energy storage, and EV infrastructure markets.

Our People

- Over 150 employees
- Professional Engineering Team (Applications, Cable Design & Electrical)
- AWG sales professionals and reps covering the United States & Canada

Guaranteed Performance

We aim for 100% customer satisfaction. We deliver in days - not weeks!

Emergency Management Services

In the aftermath of a disaster, AWG full recovery includes our extensive inventory of wires & cables, accessories and equipment are available 24/7 and we work with clients around the clock following a storm, hurricane, earthquake, fire or any other disaster.

Having the largest inventory plus decades of experience is vital to our response and preparedness. AWG's inventory is located in our national distribution centers. We are committed to ship within hours, not days, during a disaster.
